CAN GROWN STOCK

ONE OF 2 ACRES WHERE OUR CANNED PLANTS ARE GROWN

This year we grew 50,000 plants in one and two gallon cans. Part are ready for sale in the Fall 1956 and Spring 1957. The balance will be ready by mid summer and later 1957. All stock has been grown in the can and not merely established for a few weeks or months.

We are proud of our can nursery. We invite you to inspect it anytime. No advance notice is necessary to pick up any of this stock.

Transportation arrangements can be made at reasonable charges for full loads, and cans work in well with B & B stock on part loads.
